Vaccine Protocol for Foals

Based on AAEP Guidelines

Core Vaccines

	6 Months of Age	7 Months of Age	10-12 Months of Age
Foals from a Vaccinated Mare	Tetanus Toxoid Eastern and Western Encephalomyelitis West Nile(PreveNile and Killed virus) Rabies	Tetanus Toxoid Eastern and Western Encephalomyelitis West Nile(Killed virus) Rabies	Tetanus Toxoid Eastern and Western Encephalomyelitis West Nile(PreveNile and Killed virus) Rabies
	4 Months of Age	5 Months of Age	6 Months of Age
Foals from an Unvaccinated Mare	Tetanus Toxoid West Nile (Killed virus) Eastern and Western Encephalomyelitis Rabies	West Nile (PreveNile) Tetanus Toxoid Eastern and Western Encephalomyelitis Rabies	Tetanus Toxoid West Nile (PreveNile and Killed virus) Eastern and Western Encephalomyelitis Rabies
	10-12 Months of Age	10-12 Months of Age	10-12 Months of Age
			West Nile (PreveNile and Killed virus) Eastern and Western Encephalomyelitis Rabies

Strongly Recommended Vaccines

	6 Months of Age	7 Months of Age	8 Months of Age
Foals from a Vaccinated Mare	Rhinopneumonitis (EHV-1/EHV-4) Influenza	Rhinopneumonitis (EHV-1/EHV-4) Influenza	Rhinopneumonitis (EHV-1/EHV-4) Influenza
Foals From an Unvaccinated Mare	Rhinopneumonitis (EHV-1/EHV-4) Influenza	Rhinopneumonitis (EHV-1/EHV-4) Influenza	Rhinopneumonitis (EHV-1/EHV-4) Influenza

Vaccination Protocol For Foals

Based on AAEP Guidelines

Risk Based Vaccines

	2 Months of Age	3 Months of Age	4 Months of Age	5 Months of Age	6 Months of Age	7 Months of Age	11-12 Months of Age
Foals from a Vaccinated Mare	None	Botulism	Botulism	Botulism Potomac Horse Fever	Strangles Potomac Horse Fever Equine Viral Arteritis*	Strangles	Strangles
Foals from an Unvaccinated Mare	Botulism	Botulism	Botulism	Potomac Horse Fever	Strangles Potomac Horse Fever Equine Viral Arteritis*	Strangles	Strangles

* Colts can be vaccinated for Equine Viral Arteritis starting at six months of age, but a blood sample must be pulled before vaccination to confirm negative antibodies and cannot be done any earlier than six months of age.

We also do not recommend vaccinating for Rotavirus in foals.

To customize a vaccine schedule to the exact dates your foal needs his or her vaccines, please visit www.foalcare.com. This site allows you to register, enter in the foaling date, and will automatically tell you what vaccines are needed when as well as send you e-mail reminders for each date!
